The * indicates the pattern is also available in 27/20 and 20/20 mil. Every pattern comes standard with our textured tread step material. Any floor pattern may be used as an overall print. For exact color matching, please see the actual vinyl samples. The liner bead will be navy or gray depending on the pattern.

Expect More With McEwen & Heritage

A bird's eye view of our North Carolina production facility.

Since 1991, McEwen Industries, a family-owned company, has been a driving force in the swimming pool industry, and is renowned for its unparalleled quality, value, and service. Heritage Pools LLC is a master-certified, family owned and operated pool company that has been servicing and building award winning pools since 2004. McEwen Industries and Heritage Pools have been in business together since Heritage Pools was started. We have developed a strong partnership based on mutual respect and loyalty. Our shared goal of providing, beautiful, high quality products with a focus on excellent customer service has proved to be a winning combination.

The McEwen Collection is distinguished in the industry for its exclusive range of in-ground vinyl liner patterns, each meticulously designed and crafted. Manufactured in the United States, our liners are constructed with the finest virgin vinyl, incorporating UV inhibitors, bleach-resistant inks, and fungicides to extend their durability. We use our innovative Invisiseam® technologies to minimize the appearance of our seams, enhancing the beauty of your pool.
